

WALKING AWAY

The Journey of Abraham

Week 8

Key Scripture

Genesis 22:1-18

What Do You Think?

1. Would you say generally that you are a closed-minded or an open-minded person? How do you know?
2. If you heard voices to kill your son - what would you do?
3. What does it mean when we say that "God is wild?"
4. Do you think Abraham knew that God would intervene and that he wouldn't have to kill his own son?
5. Why do you think God did this? Did He not know Abraham would be faithful?

So Now What?

6. Is there an area that you just can't allow God to push you in your life?
7. When you consider your life from the perspective of eternity - does it make it more understandable how God could allow certain things to happen in your life?
8. Where do you need to let God and let God be God?
9. We all shared where we need to let God be God. As a last group time together - spend some extra time in prayer for those things that we are having a hard time letting God be in control of.

Prayer

Pray that we can allow God to be wild and not feel the need to stick Him in a box.
